Hi Jenell,

Attached is the contract dating back to 2008.
Also part of the contract, is the initial invoice, as well as a spreadsheet of included properties and their annual payments.

Each property's payment is calculated using the linear street front footage of that parcel multiplied by \$4.72 per foot. Front footage is the same variable we our District properties on so it makes sense.

I also spoke with our ED, who was present during contract discussions and the execution of the agreement.

He indicated that the University was our client in the agreement and that our payments from the University were not dependent on each individual house paying.

Any additional questions please let me know.

Thanks,
Aaron

Hi Aaron,

Thank you for sharing this information. I am hoping to talk with people who have facilities on 28th Street to organize efforts moving forward at a meeting on 4/18 at 7:30pm. In preparation for that meeting, I was curious if the information available in the attached packet you sent was public information? I was hoping to share with folks the cost information you shared below and the linear footage captured in the Excel spreadsheets.

I am not sure yet if this would be helpful or relevant, but would you be available to talk directly with this group about this project, its scope, and costs?

Thanks again for your help!

Nazeli - thank you for connecting us and sharing this email!

Aaron - could you send me the invoice and contract for this service? It would be great to connect by phone so I can learn about the contract and services provided

So I can learn about the contract and services provided as I recently transitioned to the role. Do you have time Thursday at 9:00am?

Thanks!

Hi Aaron,

I no longer handle the invoices for Figueroa Corridor clean up. I am copying in Jenell Bukky Lanski who is the new Director of Fraternity & Sorority Leadership Development who will be able to direct you to the correct person.

Thank you,

Nazeli

Subject: Invoices Sent to Beth Saul

Hi Nazeli,

With Beth Saul gone I believe you're the right person to send these invoices to. If not, please let me know.

Attached is the first invoice for contract services for 2016. The second will be sent in July.

Any questions, please let me know.

Thanks,
Aaron
